

# DAVID FERREIRA

## Student

I am currently pursuing a degree in Computer Engineering at Universidade Lusófona, with expertise in software development, database management, and systems analysis.

I have experience in photography and videography, having produced professional videos such as trailers and backstage footage for musicals and theater productions. Additionally, I manage social media accounts, creating engaging visual content and implementing digital strategies.

## Education

### University - Computer Engineer

Lusofona Lisboa

2024 - present

Student of Computer Engineering in Universidade Lusófona, with a strong background in software development, database management, and systems analysis. Seeking to expand my technical and practical skills, focusing on technological challenges that allow me to grow professionally and collaborate on innovative projects.

### Secundario

Sintra

September 2021 to July 2024

I completed the professional course in Laboratory Analysis Technician during high school, which allowed me to acquire practical knowledge in the field. I also completed an internship in a laboratory environment, where I was able to apply and deepen the technical skills acquired.

## Experience

### Internship at ITQB NOVA

April 2024 to July 2024

Completion of an internship, where I worked in the field with technological equipment for analysis and research.

### Internship at Filkemp

June 2023 to July 2023

Completion of an internship where I worked with databases, communicated with buyers, and managed warehouses.

## Strong Points

Organized

Communication

Teamwork

Meeting deadlines

Critical thinking
